Go about 6.7 miles  
Turn left on Million Dollar Road  
Go about .6 miles  
Stelz Nursery is on the left

**Delivery Information**

- Orders should be placed before noon the day before your scheduled delivery day so that we have time to assemble and load it on our delivery trucks.
- Trucks are loaded the afternoon before your delivery day so any changes to orders must be made before noon the day before.
- Delivery days change according to the season so please check with us or check the top of the inventory sheet for up to date information regarding which day we are sending a truck to your area.
- Orders are processed in the order they are received.
- Orders may be placed by phone, fax, email or by using our NowCommerce online real-time ordering portal.
- We will make all efforts to honor specific delivery requests (i.e. time, location, etc). However, our trucks are loaded with fuel and time in mind so that our drivers can make all of their stops in as efficient manner as possible. If your request cannot be honored we will let you know and give you our best estimate as to the time your order will be delivered. Our trucks have GPS tracking so, if you give us a call, we can give you timely updates as to the location of our drivers.
- All delivered orders will incur a fuel surcharge. Fuel surcharges change depending upon the cost of diesel fuel. Additional shipping charges may occur if the order does not meet a minimum for free delivery. Please contact us and we will let you know what these minimums are for your area.

## PLANT SPACING CHART

We recommend that 4" pots of bedding plants be placed on 8 to 10 inch centers (the center of one plant to the center of the other). This spacing will allow for good air circulation around the plants and will allow the plants to grow together creating a nice mass of color. The spacing can be greater for 4.5" or 6" pots or for plants that spread rapidly such as Wave Petunias or Aztec Verbenas. For these types of plants, the spacing can be as great as 12" centers. We do not recommend spacing 4" bedding plants further than 10" centers as your garden will look rather sparse and the plants will never get large enough to fill in the area.

If it is necessary, because of budget constraints, to use 6 pack flats (36 plants per flat) of annuals you can choose to place 2 plants to a hole making the plant look as if a larger size has been used. The same number of flats can be used at less of a cost than using 4" or 6" pots and your results will still be beautiful.

		Spacing of Plants (both directions)					
		4"	6"	8"	10"	12"	15"
Area in Square Feet	25	225	100	57	36	25	16

## **Landscape Supplies**

**In addition to the extensive variety of annuals, perennials, herbs and vegetables that are included in this catalog, we also offer an array of hardgoods to meet your landscaping needs. These include the following products...**

### **FERTILIZERS**

- Blood Meal
- Bone Meal
- Controlled Release 12-6-6 Granular Fertilizer
- Milorganite Fertilizer
- Osmocote Classic 14-14-14

### **ANIMAL REPELLANTS**

- Epic Animal Repellants (mole, armadillo, wild hog)
- Sweeny's All Season Deer Repellent cartridges

### **INSECT CONTROL**

- Wasp & Hornet Spray
- Fire Ant Killer
- Captain Jack's Organic Dead Bug concentrate
- Snail & Slug Bait
- Eight Insect Dust

### **BED PREPARATION**

- Organic Compost
- Professional Grow Mix (2 cf bags or 3.8 cf compressed bales)

### **WEED CONTROL**

- Hi Yield Dimension Weed & Grass Stopper
- Weed Control liquid

### **MULCH**

- Premium Crushed Pine Needle Mulch
- Redwood Classic Grade A
- Timberline Natural Hardwood (black, brown & red)

We can also custom order other materials that you may need. Let us bid on your materials. We may be able to save you money and time by picking up or delivering your hard goods at the same time as your plants.

# Proven Winner Plants

*Proven Winner plants go through strenuous testing for garden performance. All Proven Winners plant varieties are screened for specific plant diseases and viral organisms.*

## BEGONIAS

**Solenia Yellow (begonia x hiemalis)**

- Annual
- Blooms: Spring—Summer—Fall
- Large, showy flowers on glossy foliage
- Tolerant of sun, humidity and moisture
- Use in pots, hanging baskets and containers
- Attracts bees and butterflies
- Height: 12" Width: 12"

**NonStop Mocca Yellow (begonia x tuberhybrida)**

- Annual
- Blooms: Spring—Summer
- Fully double, yellow flowers on dark foliage
- Use in shaded gardens and patio pots
- Height: 12" Width: 14"

## BIDENS

**Campfire Flame**

- Annual
- Blooms: Spring—Summer—Fall
- Vigorous and heat tolerant
- Use in sunny gardens and patio pots
- Height: 8" Width: 16"

**Goldilocks Rocks**

## CUPHEAS

**Frosted Violet**

**Totally Tempted**

- Annual
- Blooms: Spring—Summer
- For arid and humid climates, heat tolerant
- Use in sunny gardens and patio pots
- Attracts bees, butterflies and hummingbirds
- Height: 16" Width: 18"

**Watermelon Wine**

## DAHLIAS

### Virtuoso

- Annual
- Blooms: Spring—Summer—Fall
- Strong growth, powdery mildew tolerant & great garden performance
- Large, double, deep pink flowers with densely mounded foliage
- Height: 18" Width: 18"
- Attracts butterflies

**Classy Carmine**

**DayGlo Yellow**

**Rad Raz**

## FUCHSIA

**Shadow Dancers Rosella**

- Annual
- Blooms: Spring—Summer
- Grow in part shade to shade
- Green foliage with medium pink flowers
- Height: 12" Width: 16"
- Attracts butterflies, birds and hummingbirds

**Swingtime (trailing fuchsia)**

- Annual
- Blooms: Spring—Summer
- Grow in part shade to shade
- Flowers with rich red sepals and white corollas
- Height: 12" Width: 24"
- Attracts butterflies and hummingbirds
- Great for hanging baskets, pots and containers

Proven Winner Plants

## GRACEFUL GRASSES

**Fireworks**

*(variegated red fountain grass, Pennisetum setaceum Rubrum)*

- Annual
- Blooms: Spring—Summer
- Grow in full sun
- Colorful leaves on a heat loving plant
- Height: 30" Width: 24"

**Purple Fountain**

*(Pennisetum setaceum Rubrum)*

- Annual
- Blooms: Spring—Summer
- Grow in full sun to part sun
- Bronze-purple foliage topped with graceful arches of burgundy-toned seed heads
- Height: 36" Width: 24"

## GAURA

### Karalee Petite Pink

- Annual
- Blooms: Spring—Summer—Fall
- Grow part sun to sun
- Wands of pink flowers hover like butterflies over dark green to burgundy foliage
- Long blooming and heat tolerant
- Height: 20" Width: 18"
- Attracts butterflies

## JAMESBRITTENIA

### Safari Dawn (South African Phlox)

- Annual
- Blooms: Spring—Summer
- Grow part sun to sun in well drained soil
- Bicolor blooms
- Heat tolerant
- Height: 12" Width: 24"

## LOBULARIA

### Snow Princess

- Annual
- Blooms: Spring—Summer
- Grow part sun to sun in well drained soil
- Bright white, highly fragrant small white blooms
- Heat tolerant
- Height: 16" Width: 4"
- Attracts bees and butterflies

## NEMESIA

### Aromance Mulberry

- Annual
- Blooms: Spring—Summer—Fall
- Grow part sun to sun in well drained soil
- Highly fragrant plum colored flowers
- Continuous rebloomer
- Height: 18" Width: 18"
- Attracts bees

### Sunsatia Blood Orange

- Annual
- Blooms: Early Spring—Spring—Summer—Fall
- Grow part sun to sun in well drained soil
- Sunsatia holds its own in both cool and hot temps
- Continuous rebloomer
- Height: 14" Width: 16"
- Use in hanging baskets, combos and window boxes

## PETUNIAS, SUPERTUNIAS

- Annuals
- Blooms: Spring—Summer—Fall
- Grow part sun to sun
- Vibrant sunshine yellow and watermelon pink flowers are eye catching and unique.
- Long blooming and heat tolerant
- Height: 12" Width: 24"
- Attracts butterflies and hummingbirds
- Use in both landscapes and containers

**Honey**

**Daybreak Charm**

**Persimmon**

## PHLOX

**Intensia White**

- Annual
- Blooms: Spring—Summer—Fall
- Grow in sun to part sun
- Large, pure white flowers on a continuously blooming, mounded plant
- Drought tolerant
- Height: 16" Width: 16"
- Attracts butterflies
- Use in both landscapes and containers

**New!**

**AGERATUM (aka Flossflower)**  
**"Monarch Magic"**

- Annual
- Blooms: Spring—Summer
- Heat and drought tolerant
- Height 6 –12" Spread 8-16"
- Plant in full sun to light shade
- Resists deer, attracts bees and butterflies

**ALTERNANTHERA**  
**"True Yellow"**

- Annual
- Spring through early fall
- Yellow green foliage stands out in combo plantings or by itself
- Height: 6-12" Spread: 10"
- Plant in full to part sun

**ALYSSUM**  
**"Clear Crystal"**

- Annual
- Colors: Mix (*not shown*) & White
- Height: 4" Spread: 12"
- Full sun to afternoon shade
- Deer resistant
- Use in well drained gardens or in mixed containers & window boxes

**ANGELONIA (aka Summer Snapdragon)**

**"Alonia Big Cherry"**

- Annual
- Early blooming
- Height: 14" Spread: 14"
- Full sun to afternoon shade
- Drought tolerant & deer resistant
- Use in well drained gardens or in mixed containers

**New!**

**"AngelFlare Black"**

- Annual
- Early blooming
- Height: 12" Spread: 18"
- Full sun to afternoon shade
- Drought tolerant & deer resistant
- Use in mixed and combo plantings.
- (shown in picture with white Angelonia)

**New!**

**"Serena"**

- Annual
- Colors: Blue, Mix, Purple, Rose, White
- Sun—well drained soil
- Height: 12" Spread: 10"
- Easy to maintain plant that stands up to the summer heat & humidity
- AKA: Summer snapdragon

**"Serenita Raspberry"**

- Annual
- Colors: Lavender, Purple, Raspberry & White
- Sun—well drained soil
- Height: 10" Spread: 10"
- Matches the Serena series

## BEGONIA

### "Baby Wing"

- Annual
- Colors: Bicolor, Pink, White
- Blooms: Spring—early fall
- Partial sun to full shade
- Height: 15" Spread: 12"
- Use in hanging baskets, planters or in the ground

### "Cocktail Series"

- Annual with dark leaves
- Colors: Gin (pink), Vodka (red), Whiskey (white)
- Blooms spring thru early fall
- Full sun to afternoon shade
- Height: 12—14" Spread: 10"

### "Dragon Wing"

- Annual
- Colors: Pink & Red
- Dark green foliage
- Part sun to full shade
- Height 15" Spread: 18"
- Resists deer

### "Prelude Plus"

- Annual with bright, green leaves
- Colors: Pink, Scarlet & White
- Bright green foliage
- Morning sun to shade
- Height: 10" Spread: 10"
- Resists deer

**BLUE DAZE**  
**"Hawaiian Blue Eyes"**

- Annual
- Spreading, mounding
- True blue flowers contrast beautifully with gray-green foliage
- Full sun
- Height: 6-8" Spread: 18"
- Heat and drought tolerant
- Very versatile for use in mass plantings, pots, window boxes and hanging baskets.

**BUDDLEIA**

**"Monarch"**

- AKA Butterfly Bush, Summer Lilac
- Blooming season: Late spring through late summer
- Attracts bees, butterflies, deer resistant
- Low maintenance, drought and heat tolerant
- Height: 4' - 5' Spread: 4' - 5' (mature)
- Produces large, long blossoms that deepen in color with age.

**Monarch Blue Knight**

**Monarch Prince Charming**

**CALADIUMS**

**Shade Loving**

**Tolerates Sun**

**Morning Sun/  
Afternoon**

**CAROLYN WHORTON**

**FRIEDA HEMPLE**

**MISS MUFFET**

**MOONLIGHT**

**RED GLAMOUR**

**SOUTHERN CHARM**

**WHITE DYNASTY**

## CELOSIA

### "Ice Cream Mix"

- Color: Mixed color plumes
- Full sun to afternoon shade
- Early blooming, compact, well branched plants
- Height: 12"
- Deer resistant
- Produces large, tight flower heads in strong colors
- Use in patio planters and well drained gardens

### "Fresh Look "

- Full sun to afternoon shade
- Colors: Red & Yellow
- Height: 14" Spread: 10"
- Deer resistant
- Topped by plumes up to 10" high
- Vigorous plants with

### "Intenz"

- Full sun, heat tolerant
- Colors: Dark Purple (left) & Classic (right)
- Plant in ground (8-12" centers) or in containers
- Height: 18" Width: 12"
- Deer resistant. Attracts bees.
- Can be used for cut flowers

## CLEOME

### "Lavender Dreams"

- Annual
- 30% smaller than other cleomes
- Soft thorns are easy to handle
- Heat & drought tolerant
- Attracts bees, butterflies & hummingbirds
- Height: 25" Spread: 16"
- Plant in full sun

### "Clio Magenta"

- Annual, vegetative
- Upright habit
- Thornless stems
- Full to partial sun
- Height: 36" Spread: 24"
- Deer resistant
- Heat tolerant, low maintenance

### "Senorita"

- Annual
- Colors: Blanca (bottom) & Rosalita
- Upright habit—24-48" tall
- Blooms Spring thru Summer
- Heat & drought tolerant
- Attracts Butterflies & Hummingbirds
- No spines

# COLEUS

## "Alabama Pink Gold"

- Annual
- Pink & Gold Bicolor leaves
- Full sun to shade
- Height: 2 feet

## "Downtown Nashville"

- Annual
- Unique foliage with excellent habit and fun, feathery texture
- Full sun to shade—can withstand extreme heat in part shade
- Easy to grow

## "Kong Rose, Jr."

- Annual
- Shade
- Large, colorful leaves
- Height: 18" Spread: 20"

## "Lime Delight—Premium Sun"

- Annual
- Sun to partial sun
- Bright lime-green leaves
- Height: 20" Spread: 18"

## "Main Street Alligator Alley"

- Plant in full sun to shade
- Grows up to 24" tall
- Very versatile and easy to grow
- Red foliage outlined in bright green

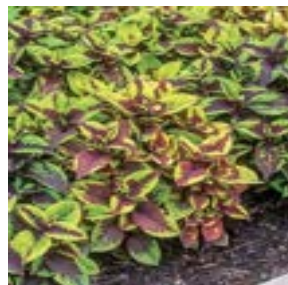

## "Main Street Beale Street"

- Plant in full sun to shade
- Grows up to 24" tall
- Very versatile and easy to grow
- Stunning dark red leaves

## "Main Street Bourbon Street"

- Plant in full sun to shade
- Grows up to 24" tall
- Very versatile and easy to grow
- Medium serrated, red leaves outlined in bright yellow

## "Pineapple Surprise"

- Annual
- Lime green leaves with red splotches
- Full to partial sun
- Height: 20"

## "Volcanica French Quarter Improved"

- Annual
- Plant in sun or shade
- Height: 24" Width: 20"
- Easy maintenance

## COREOPSIS

**Gold Bronze**

### "Uptick"

- Plant in Full Sun
- Space 14-16" apart
- Height: 12-14" Width: 12-14"
- Summer long blooming
- Fertilize monthly

**Red**

### Yellow & Red

## CROSSANDRA

### "Orange Marmalade"

- Annual
- Glossy green foliage is heat & humidity tolerant
- Full sun to part shade
- Height: 1.5 feet

### "Tropic"

- Annual
- Colors: Flame (orange) and Splash (Yellow)
- Full sun to part shade
- Height: 10"

## CUPHEA

### "Cigar standard upright"

- Perennial, upright
- Red cigar shaped flowers
- Heat and drought tolerant
- Full Sun
- Height: 1.5-2 feet
- Attracts hummingbirds

### "Firecracker"

- Perennial— spreading bush
- Red cigar shaped flowers
- Heat and drought tolerant
- Full Sun
- Height: 10-14" Width: 20-24"
- Attracts pollinators
- Use in baskets, containers & ground covers.

### "Heather"

- Perennial (bushy)
- Colors: Purple & white (not shown)
- Heat & drought tolerant
- Height: 2 feet Spread: 2 feet
- Full Sun

**DAISY , SHASTA (aka *Leucanthemum*)**

**'Lucille White'**

- Perennial
- White daisy like blooms
- Compact mounded plant
- Full sun
- Height: 15'18" Spread: 15-18"

**'Madonna'**

- Hybrid, dwarf variety
- First year flowering perennial that blooms through summer into fall
- Full sun
- Height: 10"

**DIPLADENIA (Mandevilla)**

**'Madinia'**

- Annual, Vegetative
- Colors: Hot Pink, Deep Red & White
- Blooms spring through summer
- Full sun
- Mounded habit
- Height: 12-14" Width: 12-14"

**DURABELLA Combos**

**Pop Culture**

- Annual
- 3 Plant recipe combos
- Great performance and blend well together
- Full sun
- Mounded habit, compact
- For hanging baskets, pots and containrs

**New!**

**Strawberry Taffy**

**Sweet Tooth**

**DUSTY MILLER  
'Silverdust'**

- Annual
- Finely divided silver foliage
- Full sun to full shade
- Extremely hardy & easy to grow
- Height: 12" Width: 10"

**EUPHORBIA  
"Breathless"**

- Annual
- Blooms with small, delicate white flowers spring through fall
- Full sun
- Perfect for combos/assortments
- Height: 14" Width: 18"

**ECHINACEA "Artisan"**

- Perennial
- Colors; Soft Orange & Red Ombre
- Upright, uniform, full branched plants.
- Blooms late spring through summer.
- Full sun
- Height: 16-28" Width: 10-25"

**GAILLARDIA  
"Mesa Yellow"**

- First year flowering perennial
- Bright yellow 3 inch blooms
- Full sun
- Height: 16" Spread: 20"
- Vigorous, drought, wind and rain resistant plant won't get loose and floppy
- 2010 AAS Flower Winner
- Fleuroselect Gold Medal award

## GERANIUMS

### "Calliope Medium"

- Proven Winner selection
- Colors: Pink Flame, Dark Red, Deep Rose, Scarlet & White
- Dense, mounding habit with strong stems supporting vibrant blooms
- Full sun to afternoon shade
- Heat and drought tolerant
- Height 16-20" Spread: 14-16"
- 2017 AAS Ornamental Vegetative Winner

### "Calliope Cascade" Hanging Baskets

- Annual
- Colors: Violet & Large Dark Red
- Dense spreading habit
- Full sun to afternoon shade
- Height: 18" Spread: 14"

### "Focus Ivy" Hanging Baskets

- Annual
- Mounding, spreading, compact habit
- Fertilize every 2 weeks
- Full sun to afternoon shade
- Height: 8-10" Spread: 12-14"
- Colors: Red Ice and White

**GOMPHRENA**  
**"Ping Pong Purple Improved"**

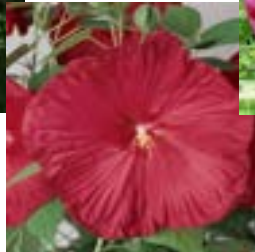

- Annual
- Heat and drought tolerant
- Full sun
- Height: 10" Spread: 8"
- Deer resistant

**HIBISCUS**

**"Luna"**

- Perennial
- Colors: Pink Swirl, Red, Rose Pink & White
- Blooms with 6-8 inch flowers
- Heat & drought tolerant
- Full sun
- Height: 3 feet Spread: 10 inches

**"Tropical Wind "**

- Perennial/tropical
- Blooms spring –early fall
  - Full sun
- Height: 2-3' Spread: 10"
- Low maintenance, easy to grow
- Use outdoors in garden beds or in large pots for a patio

**Cayman Wind**

**Mandarin Wind**

**Sunny Wind**

**Tangerine Paradise Wind**

**Tortuga Wind**

**White Treasure Wind**

**HYOESTES  
"Splash Select"**

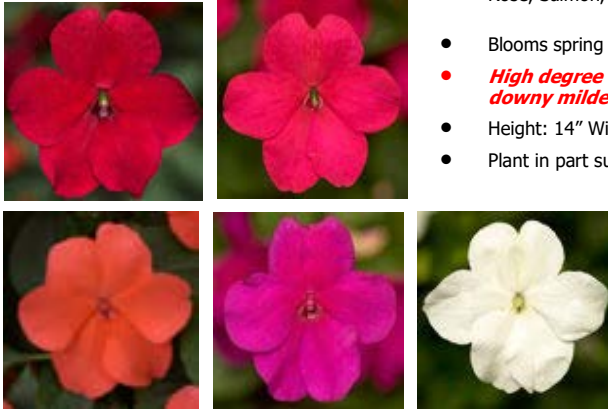

- Annual
- Colors: Rose & White
- Morning sun to full shade (too much light will cause the leaves to curl & more green to appear)
- Height: 8" Spread: 8"
- pH 5.6—6.0

**IMPATIENS**

**"Beacon"**

- Annual (*impatiens walleriana*)
- Colors: Mix, Orange, Bright Red, Rose, Salmon, Violet & White
- Blooms spring through early fall
- **High degree of resistance to downy mildew**
- Height: 14" Width: 12"
- Plant in part sun to shade.

**"Sunpatiens Compact"**

- Annual (*impatiens x hybrida hort*)
- Cross between New Guinea & traditional impatiens.
- Blooms late spring through summer
- **Full sun** to shade with irrigation
- Downy mildew resistant
- Weather tolerant
- Height & Width: up to 36"

**Coral Hot**

**Orange Electric**

**Orchid Blush**

**Pink Blush**

**Red Candy**

**Pink Hot**

**Red Deep**

**Rose Deep**

**White**

**IPOEMEA**  
"Ornamental Sweet Potato Vine"

- Annual
- Varieties: Blackie & Marguerite
- Trailing plant that spreads quickly
- Full sun to partial shade
- Height: 8" Spread: 3–4 feet
- Resists deer
- pH 5.6–6.2

**IVY**  
"Swedish"

- Annual
- Colors: Green Foliage & Red Foliage
  - Use indoors or outdoors
  - Morning sun to shade
- Height: 8" Spread: 4 feet

**Purple Heart (*t. pallida*)**

**Green Variegated (*t. flumenensis*)**

**JEWS (*tradescantia*)**

- Annual
- In warm weather plant outside in shady areas for thick ground cover
- In cold weather use as a house plant in planters or hanging baskets
- Morning sun to afternoon shade
  - Spread: 4 feet

**Purple Wandering (*t. zebrina*)**

**KWIK KOMBOS**

**Bombay Summer Sparkler Mix**  
Scaevola Bombay Dark Blue, Pink  
and White

**Carita Summer Berry Blast**  
Angelonia Carita Cascade White,  
Raspberry, Deep Purple

**Harvest Moon Mix**  
Calibrachoa Callie Star  
Orange & Callie Yellow,  
Lobelia Techno Cobalt  
Blue

**Lemon Chiffon Mix**  
Calibrachoa Callie White,  
Petunia Sanguna Yellow,  
Verbena Lanai Green Apple

**Island In the Sun**  
Petunia Sanguna  
Banana Candy, Petunia  
Dekko Sorbet, Lobelia  
Techno Large Blue Violet

**Rockets Red Glare**  
Scaevola Bombay Dark Blue,  
Lantana Landscape Bandana  
Red, Angelonia Carita Cascade  
White

**Spring Showers**  
Petunia Sanguna Patio Radiant  
Dark Blue, Calibrachoa Callie  
White, Verbena Lanai Compact  
Twister Purple

**Summer Fun**  
Lantana Landscape Bandana  
Yellow, Angelonia Carita Rasp-  
berry, Scaevola Bombay Dark  
Blue

**White Nancy**

## LAMIUM

- Annual
- Silver green leaves with dark purple flowers
- Morning sun to shade
- Height: 10" Spread: 2 feet
- Deer & drought resistant
- Attracts bees, butterflies, birds

**Lami Dark Purple**

## LANTANA

**Cherry**

**Yellow**

**Rose**

**White**

### "Bandana"

- Annual
- Plant in full sun
- Thrives in heat and humidity
- Height: 15" Spread: 18"

### LANTANA "Standard"

- Blooms spring through early fall
- Full sun, perennials
- Height: Spread: Trailing—4 ft  
Red Upright — 2 ft
- Trailing— 12" Red Upright — 3 ft

**Purple**

**Tangerine**

**White**

**Yellow (New Gold)**

## LAVENDULA "Super Blue"

- Perennial
- Rich blue blooms on short flower spikes.
- Plant in full sun with well drained soil
- Drought tolerant, extremely hardy
- Blooms June through September
- Fertilize once a month
- Height & Width: 10-12"

## LOBELIA "Laguna Sky Blue"

- Annual
- Plant in sun to light shade
- Attracts butterflies & hummingbirds
- Heat tolerant & deer resistant
- Height: 4" Spread: 12"

## MARIGOLDS

### "Durango"

- Annual
- Colors: flame , outback mix, orange & yellow
- 3" Flower on 10" plant
- Full sun to some shade
- Height: 10" Spread: 6"

### "Taishan"

- Annual
- Colors: Orange & Yellow
- Heat tolerant large blooms
- Plant full sun to afternoon shade
- Height: 10" Spread: 6"

### MELAMPODIUM "Jackpot Gold"

- Annual
- Compact plant with large, golden flowers
- Tolerant to hot, humid conditions
- Height: 12" Spread: 12"

## MIXMASTERS

- Attracts hummingbirds, heat & drought tolerant

**Rose Deep**

**Red**

**White**

### **"Graffiti 20/20" (dwarf)**

- Annual
- Colors: Mix Maxi, True Pink, OG Red Velvet, Ultra Violet & White
- Dwarf alternative to the "Butterfly" series
- Full sun
- Height: 12" Spread: 12"
- pH 6.5—7.2

**PEPPER ORNAMENTAL  
"Chilly Chili"**

- Annual, ornamental
- Greenish yellow fruit gradually changing to orange and dark red
- Heat Tolerant
- Full sun
- Height: 10" Spread: 10"

**PETUNIA**

**"Amour Queen of Hearts"**

- Annuals (vegetative type)
- Semi-trailing habit
- Plant in full sun to partial shade
- Height: 12" Width: 12"

**"Bee's Knees"**

- Annual
- Intense yellow petunia
- Plant in full sun to partial shade
- Height: 10" Spread: 22"

**"Black Magic Slingshot"**

- Annuals (vegetative type)
- Blackest petunia on the market
- Plant in full sun to partial shade
- Height: 12" Width: 18"
- Controlled, mounded habit

**"Cascadia Indian Summer"**

- Annuals (vegetative type)
- Semi-trailing habit
- Plant in full sun to partial shade
- Height: 12" Width: 18"

**"Night Sky Headliner"**

- Annuals (vegetative type)
- Semi trailing habit
- Plant in full sun to partial shade
- Height: 16" Width: 32"

# PETUNIA

**Midnight**

**Mix**

## "Pretty Flora"

- Annual
- Compact, tidy habit
- Full sun to afternoon shade
- Height: 10" Spread: 12"

**Pink Pearl**

**Purple**

**Red**

**White**

## "Supertunia Vista"

- Annual, vegetative
- Colors: Bubblegum, Jazzberry & Silverberry
- Mounding, spreading
- Heat tolerant
- Full sun to afternoon shade
- Height: 15" Spread: 60"

## PETUNIA "Vogue Lemon Berry"

- Annuals (vegetative type)
- Mounded, compact habit with excellent branching than other double petunias
- Height: 8-10" Width: 14-24"
- More flowers in the center creates more flower power in containers and hanging baskets

## "Wave Easy"

- Annual, spreading variety
- Colors: See below
- Fertilize regularly for best results and season extending performance
- Full sun to late afternoon shade
- Height: 8" Spread: 40"

**Blue (dark)**

**Blue Sky**

**Formula Mix**

**Pink Cosmo**

**Red Velour**

**Rose Neon**

**White**

**PLECTRANTHUS  
"Magic Mona"**

- Annual (attracts butterflies)
- Soft lavender flowers
- Partial shade to partial sun
- Height: 12-16" Spread: 24"
- Heat and drought tolerant

**PLUMBAGO  
"Imperial"**

- Perennial
- Colors: Blue & White
- Heat & drought tolerant
  - Full sun
  - Height: 3-6 feet Spread: 3 feet

**PORTULACA  
"Happy Hour"**

- Annual
- Colors: Mix, Orange, Red Deep, Fuschia, White & Yellow.
- Blooms days/close nights
- Full, direct sun, well drained soil
- Height: 6" Spread: 12"
- Resists deer
- pH 5.8—6.2

**POTHOS  
"Golden Ivy"**

- Tropical
- Indoor or low light foliage plant
- Loves heat & humidity
- Height: 6"
- Spread: indefinite

**PURSLANE  
"Mega Pazzaz"**

- Annual
- Colors: Orange, Purple, Pink Twist & Gold
- Big, bold blooms
- Full sun, well drained soil
- Height: 3" Spread: 12"
- Resists deer
- pH 5.8—6.2

**PURSLANE  
"Hot Pink Trailing"**

- Annual
- Color: Hot pink
- Needle leaf type
- Full sun
- Height: 2" Spread: 2 feet
- Ph 6.0—6.5

**RHOEO  
"Tricolor"**

- Heat, drought tolerant, short tropical
- Grown for foliage but does bloom with small white flowers in the fall
- Height: 12"
- Space: 12"
- Easy to grow once established

**RUDBECKIA**

**"Denver Daisy"**

- Perennial
- Hot Summer Survivor
- Plant in full sun
- Blooms grow to 6" across
- Height: 20" Spread: 15"

**"Indian Summer"**

- Perennial
- Bloom 4-6" single flowers
- Full sun
- Height: 3 feet Spread: 12"

**RUELLIA  
"Trailing Purple"**

- Perennial (aka Mexican petunia)
- Heat and drought tolerant
- Easy to grow and maintain
- Blooms mid spring thru summer
- Full, direct sun
- Height: 2' Spread: 24-36"

# SALVIA

## "Black and Blue"

- Herbaceous perennial in mild climates
- Cobalt blue with black flower spikes with aromatic foliage
- Blooms summer into fall
- Full sun
- Height: 3 ft Spread: 3 ft

## "New Dimension Blue"

- First year flowering perennial
- Brilliant blue flowers
- Strong branching bushy plant
- Full sun
- Height: 10" Spread: 6"

## "Roman Red"

- Mounded, upright
- Attracts bees, hummingbirds & butterflies
- Drought tolerant
- Blooms spring into fall
- Full sun to part sun
- Height: 3 ft Spread: 3 ft
- Spacing: 20"-26"
- Low maintenance

## "Victoria Blue"

- Perennial
- Heat & drought tolerant
- Full sun
- Height: 18"

## "Vista"

- Annual
- Colors: Lavender, Mix & Red
- Fertilize regularly for best results
- Full sun to late afternoon shade
- Height: 12" Spread: 6"
- Deer resistant

## "White Flame"

- Attracts bees, hummingbirds & butterflies
- Deer resistant & drought tolerant
- Blooms spring through summer
- Full sun
- Height: 2' Spread: 18"
- Spacing: 18"
- Low maintenance

**SCAEVOLA  
"Bombay"**

- Perennial
- Colors: Dark Blue, Pink & White
- Heat & drought tolerant
- Blooms spring through summer
- Full sun, well drained gardens
- Height: 6" Spread: 24"

**SHRIMP PLANT  
"Golden Yellow"**

- Perennial (tender)
- Blooms in late spring through summer with bright yellow plumes with a touch of white
- Full sun to partial shade
- Height: 4 feet Spread: 20"

**SYNGONIUM**

- Perennial
- Types: Confetti (right) & White Butterfly (left)
- Makes a lovely hanging basket or accent plant in shady, tropical locations in the garden or as a house plant.
- Height: 12" Spread: 18"

**TORENIA**

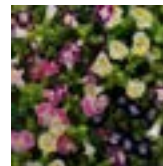

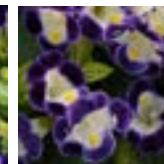

**"Kauai"**

- Annual
- Colors: Blue Deep, Blue & White,, Mix Rose & White
- Blooms spring through summer
- Tolerant of hot, humid conditions
- Plant in morning sun to afternoon shade
- Height: 10" Spread: 10"

**"Blue Wave"**

- Good groundcover or container plant
- Annual
- Plant morning sun to afternoon shade
- Height: 6–10" Spread: 30"

 Lascar Mango Orange Verbena*

## VERBENA "Enduroscape"

- Vegetative
- Colors: Blue, Pink Bicolor, Red & White
- Full sun to light afternoon shade
- Disease & heat tolerant
- Fertilize regularly for best results
- Height: 6" Spread: 21"

Note: ALL vinca must be mulched to a depth of at least 2 inches for best garden performance. We recommend crushed pine needles. We also recommend preparing all vinca garden beds with a preventative fungicide like Subdue Granular before planting. This will inhibit or prevent diseases in the case of excessive rain and/or cool temperatures.

### VINCA (aka periwinkle)

#### "Cora XDR F1 Upright"

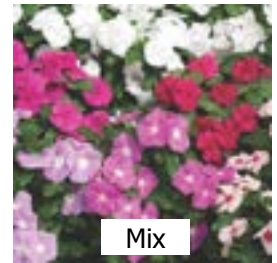

- Annual
- **The most disease tolerant vinca on the market!**
- Heat and drought tolerant
- Full sun, dry garden beds
- Height: 6" Spread: 3 feet
- pH 5.5—5.8

Apricot

Magenta Halo

Mix

Orchid

Pink Light

Polka Dot

Punch

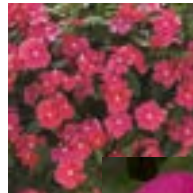

Red Classic

White

#### "Cora Cascade"

- Annual
- Colors: Cherry, Lilac, Mix, Pink Shell, Bright Rose, Strawberry and White.
- Perfect for baskets, containers and ground covering
- Heat, drought & **disease tolerant**
- Full sun, dry garden beds
- Height: 6" Spread: 3 feet

### ZINNIA "Zahara"

- Annual
- Colors: Mix, Fire, White & Yellow
- Disease tolerant and heat loving
- Full sun
- Height: 12" Spread: 12"
- pH 5.8—6.2

# 2024 Spring Vegetable Selections

## **Definitions**

- Determinate: Bush type that bears it's fruit all at once & is usually more manageable in size
- Indeterminate: Vine type that continues to grow in length and keeps setting fruit throughout the season—needs staking
- F1 Hybrid: A variety bred by crossing 2 distinct parents to achieve certain characteristics like taste, uniformity and disease resistance. The plant is usually sterile and does not produce viable seeds.

## **Disease Resistant Abbreviations**

- V = Verticillium Wilt
- N = Nematodes
- F = Fusarium Wilt
- PM = Powdery Mildew
- FF = Fusarium, race 1 & 2
- A = Alternaria Stem Canker
- T = Tobacco Mosaic Virus
- St = Stemphyllum

## **Tips for a Successful Vegetable Garden**

- Pick varieties that are recommended for your area and fit your garden size
- Place vegetables in a full sun location. It should be well drained but moisture retentive. A 2 inch layer of mulch will help retain water.
- Fertilize with a good, complete plant food
- Check the pH of your soil as different vegetables may require different levels of pH. An inexpensive test kit can be purchased at your local garden center or feed store.
- When planting, be aware of the spacing requirements for the different vegetables. Don't plant too closely.
- Water deeply, rather than often, to promote good root growth.

# 2025 Spring Vegetables

## "Southern Selections by Stelz"™

### **BEETS "Rainbow Mix"**

- Days to Yield: 60
- Beautiful array of colors
- Excellent flavor, earthy, nutty, sweet
- 3" - 6" diameter roots

### **BEETS "Red Ace Heirloom"**

- Days to Yield: 60
- Reliable, adaptable & fast maturing
- Sweet & tender with red roots
- Medium tall, red veined greens

### **BROCCOLI "Arcadia"**

- Days to Yield: 95
- Large head with small to medium size buds and a medium stem
- Tolerant of cold
- Excellent side shoot production

### **CANTALOUPE "Ambrosia F1"**

- Days to Yield: 88
- Produces 5 lb round fruit

### **CUCUMBER "Marketmore"**

- Days to Yield: 68
- Produces 8-9" dark green, smooth fruit
- Very high quality vegetable
- Extremely disease resistant

### **CUCUMBER "Mini-Me"**

- Days to Yield: 45
- Snack sized mini cucumber 2-3" long
- Very high quality vegetable with thin, smooth skin and mild, slightly sweet flavor

### **CUCUMBER "Patio Snacker F1"**

- Days to Yield: 60
- Plant in 3-5 gallon container with a short trellis
- Short, 3-5" branching vines produce good yields of dark green 8" fruit

### **CUCUMBER "Salad Bush F1"**

- Days to Yield: 57
- 8" fruit on semi-dwarf vines
- Very high yield

### **CUCUMBER "Sweet Slice F1 Burpluss"**

- Days to Yield: 45
- Produces 10-12" dark green fruit
- Flesh is tender & flavorful; no bitter taste.

### **EGGPLANT "Black Beauty Heirloom"**

- Days to Yield: 74
- Industry standard for large eggplant
- Produces perfect fruits

### **EGGPLANT "Classic"**

- Days to Yield: 62
- Produces 9" long dark purple oval eggplants.
- Excellent for grilling

### **EGGPLANT "Gretel F1"**

- Days to Yield: 55
- Harvest young at 3 - 4" long, or mature
- Perfect for frying or baking

### **EGGPLANT "Hansel F1"**

- Days to Yield: 55
- Harvest young at 3 - 4" long, or mature
- Perfect for grilling
- AAS Winner

### **EGGPLANT "Louisiana Long Green"**

- Days to Yield: 75
- Meaty, full flavored eggplant
- Best braised or slow cooked
- Tall plants product 9" lime green fruit

### **EGGPLANT "Pot Black"**

- Days to Yield: 62
- Produces 2-3 oz black fruit
- Plants remain a compact 24"
- Pick them small or let them mature to tennis ball size

### **KALE "Toscano"**

- Days to Yield: 35
- Plant early for early & mid spring crop
- Heat tolerant variety
- Harvesting encourages branching

### **LETTUCE "Arugula"**

- Green serrated leaves
- Good disease tolerance
- Slightly milder in taste than other varieties

### **LETTUCE "Buttercrunch"**

- Days to Yield: 75
- Produces loose heads with buttery texture
- Plants like fertile soil & ample water
- The heads have some heat resistance

### **LETTUCE "Parris Island Romaine"**

- Days to Yield: 75
- Produces crisp leaves with sweet flavor
- Very uniform heads growing 10" tall
- Plant early for early spring crop

### **LETTUCE "Red Sails"**

- Days to Yield: 45
- Produces large, erect deep red leaves
- Soft texture & buttery flavor
- Slow bolting—plant early for early spring

### **OKRA "Clemson Spineless"**

- Days to Yield: 49
- Produces high yields of dark green fruit
- Excellent for gumbo

### **ONIONS "Evergreen Hardy White Bunching"**

- Days to Yield: 65
- Little to no bulbing—use tops
- May be used as a perennial by dividing the clumps

### **PEPPER "Banana F1"**

- Days to Yield: 65
- Produces high yields of 8" long fruit
- Light yellow, banana shaped & sweet
- Scoville Rating: 0-500 (mild)

### **PEPPER "California Wonder Bell"**

- Days to Yield: 73
- Produces jumbo green to red bell peppers in high yields
- Disease resistant
- Scoville Rating: -0-

### **PEPPER "California Wonder Golden Bell"**

- Days to Yield: 85
- Produces large yellow bell peppers
- Produces good yields
- Scoville Rating: -0-

### **PEPPER "Cajun Belle"**

- Days to Yield: 61
- Produces high yields of 3" fruit
- Starts out bright green, scarlet then red
- Scoville Rating: 100-1000 (mild)

### **PEPPER "Cayenne"**

- Days to Yield: 76
- Produces high yields of 6" long fruit
- Scoville Rating: 30,000-50,000 (hot)

### **PEPPER "Ghost Bhut Jolokia"**

- Days to Yield: 100
- Plant in full sun 18-24" apart
- Height: 24-48"
- Scoville Heat Units: 1,000,000 (extremely hot)

### **PEPPER "Giant Marconi Italian Sweet"**

- Days to Yield: 62
- Fruit size: 8" long
- Plant Height: 18-24"
- Scoville Rating: 1-1000 (mild)

### **PEPPER "Gypsy Sweet"**

- Days to Yield: 60
- Produces yellow to orange to red 3 walled peppers
- Fruit Size: 4"x2"

### **PEPPER "Habanero"**

- Days to Yield: 80
- Produces high yields of 2" long fruit
- Peppers start yellow and turn red
- Scoville Rating: 100,000-300,000

### **PEPPER "Jalapeno"**

- Days to Yield: 75
- Produces high yields of 4" long fruit
- Scoville Rating: 2,500-5,000 (medium hot)

### **PEPPER "King Arthur Bell"**

- Days to Yield: 65-70
- Early producing green or red peppers
- Thick walled and disease resistant
- Fruit Size: 4.5"x4.5"
- Scoville Rating: -0-

Left blank intentionally

### **PEPPER "Poblano Ancho Tiburon"**

- Days to Yield: 85
- 3.5"x2.5" wide hot peppers
- Peppers turn from black to red
- Scoville Rating: 1,000 to 2,000

### **PEPPER "Purple Beauty Bell"**

- Days to Yield: 75
- Colorful 3-4" long purple bell peppers on compact, bushy plants
- Crisp texture and sweet flavor
- Scoville Rating: -0-

### **PEPPER "Scorpion Trinidad"**

- Days to Yield: 90
- Handle peppers using gloves
- Scoville Heat Units: 1,200,000 (extremely hot—2nd hottest pepper in the world)

### **PEPPER "Serrano Tampiqueno Chili"**

- Days to Yield: 75
- Turns from green to red when mature
- Very easy to dry
- Scoville Rating: 6,000-23,000 (medium hot)

### **PEPPER "Shishito Takara F1 Chili"**

- Days to Yield: 60 for green / 80 for red
- Produces high yields of 3"-4" long fruit
- Excellent for grilling
- Scoville Rating: 100-1000 (mild)

### **PEPPER "Tabasco Chili"**

- Days to Yield: 120
- Produces 1.5" tapered peppers
- Peppers turn color as they mature making them ornamental as well as culinary

### **PUMPKIN "Jack Be Little"**

- Days to Yield: 100
- Tiny palm sized pumpkin
- Compact vines of 10 ft producing up to 20 bright orange, edible fruits

Left blank intentionally

### **SQUASH "Early Butternut"**

- Days to Yield: 75
- Produces smooth uniform, 7" squash

### **SQUASH "Multipik Straightneck"**

- Days to Yield: 50
- Produces smooth 7" squash
- Early & vigorous

### **SWISS CHARD "Bright Lights"**

- Days to Yield: 60
- Produces multicolored stems with leaves that are succulent & sweet
- For culinary & ornamental use

### **TOMATO "Bella Rosa F1"**

- Days to Yield: 75 (determinate)
- Produces firm, large, red fruit
- Heat tolerant variety
- Resistance: VFFNAST

### **TOMATO "Better Boy F1"**

- Days to Yield: 75 (indeterminate)
- Produces firm, large, 10 oz red fruit
- Succulent, juicy & meaty
- Resistance: VFN

### **TOMATO "Better Bush F1"**

- Days to Yield: 68
- Compact, strong, bush type 3-5 ft
- Determinate
- Plants do best in small cage
- Resistance: V, F & N

### **TOMATO "Big Beef F1"**

- Days to Yield: 72 (indeterminate)
- Produces 12 oz red fruit
- Full flavor, ripens early
- Resistance: VFFNA

### **TOMATO "Brandywine"**

- Days to Yield: 72 (indeterminate)
- Produces 1 lb red-deep rose fruit
- Heirloom, beefsteak type
- Resistance: OTV

### **TOMATO "Carolina Gold F1"**

- Days to Yield: 71 (determinate)
- Produces large golden yellow tomato
- Very flavorful
- Resistance: VF

### **TOMATO "Celebrity"**

- Days to Yield: 70 (determinate)
- Produces 7 oz red fruit, resists cracking
- All America Selections winner
- Resistance: F1F2NTVV

### **TOMATO "Cherokee Purple"**

- Days to Yield: 80 (indeterminate)
- Produces 1 lb purple fruit
- Heirloom, beefsteak type
- Legacy plant originating more than 120 years ago

### **TOMATO "Cherry Sun Gold"**

- Days to Yield: 57 (indeterminate)
- Produces sweet, orange 1" fruit
- Intense sweet, fruity flavor
- Resistance: VFNT

### **TOMATO "Cherry Sweet Million"**

- Days to Yield: 75 (indeterminate)
- Produces heavy yields of 1 inch fruit
- Crack resistant & excellent sweet taste
- Resistance: VFFNTSt

### **TOMATO "Chocolate Sprinkles"**

- Days to Yield From Transplant: 55 (indeterminate)
- 1" dark red-purple tasty fruit
- Very disease resistant
- Must be staked

### **TOMATO "Creole Improved"**

- Days to Yield: 72 (determinate)
- Produces 8 oz crack-free fruit
- Tasty, meaty variety

### **TOMATO "Fantastic (superfantastic)"**

- Days to Yield: 70 (indeterminate)
- Produces 10 oz
- Tasty, meaty variety
- Resistance: VFN

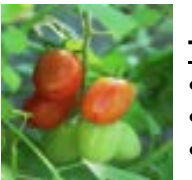

### **TOMATO "Florida 91"**

- Days to Yield: 72 (determinate)
- Produces 10 oz fruit
- Firm & crack resistant & heat tolerant
- Resistance: ASC, F1, F2, FLS, V1

### **TOMATO "German Striped"**

- Days to Yield: 78 (indeterminate)
- Produces 12 oz shaded yellow & red fruit
- Complex, fruity flavor & smooth texture
- Medium tall vines

### **TOMATO "Juliet Grape"**

- Days to Yield: 60 (indeterminate)
- Produces 2 inch long fruit
- All America Selections Winner

### **TOMATO "Marriage Heirloom Big Brandy"**

- Days to Yield: 75-80 (indeterminate)
- Cross of 2 heirlooms—Big Dwarf & Brandywine
- Heirloom look & taste with higher yields

### **TOMATO "Mortgage Lifter Heirloom"**

- Days to Yield: 95 (indeterminate)
- Produces 2 lb pink-red tasty fruit
- Produces in abundance
- Must be staked

### **TOMATO "Patio F1"**

- Days to Yield: 70 (determinate)
- Produces 2" round, red tomatoes
- Resistance: F

### **TOMATO "Pineapple"**

- Days to Yield: 90 (indeterminate)
- Produces 2 lb shaded yellow/gold fruit
- Beefsteak type tomato
- Exceptional color & sweetness

### **TOMATO "Red Profusion"**

- Days to Yield: 52 (indeterminate)
- Produces 1" red tomatoes
- Height: 8" Spread" 26"
- *Trailing plant available in hanging baskets only*

### **TOMATO "Red Robin"**

- Days to Yield: 55 (determinate)
- Produces 1 1/4" round, red tomatoes
- Excellent for small gardens or containers
- Extra sweet red cherry type

### **TOMATO "Roma Italian"**

- Days to Yield: 76 (determinate)
- Produces red plum fruit
- For canning or cooking—very meaty
- Resistance: F

### **WATERMELON "Crimson Sweet"**

- Days to Yield: 85
- Produces 25 lb fruit
- Flesh is firm, red, fine textured & sweet.
- Resistance: F & anthracnose

### **ZUCCHINI "Spineless Beauty"**

- Days to Yield: 43
- Produces 8" long zucchini
- Uniform, medium green fruit
- Resistance: Powdery Mildew

# *"Southern Selections by Stelz"™*

## **HERBS — Culinary, Aromatic, Ornamental & Medicinal**

### **ANISE HYSOP**

- Use as bedding plant or edible flower
- Aromatic – sweet licorice-mint flavor

- Lemony flavor used in teas and salads
- Height: 2' in the garden
- Medicinal: Aerial parts used for teas for colds, flu, depression, headache, indigestion, sedation & antivirals

### **MINT "Chocolate"**

- Distinct chocolate mint aroma
- Can be dried and added to black tea
- Used as a garnish for chocolate desserts

### **MINT "Ginger"**

- Distinct ginger aroma
- Used as a seasoning for fruits & vegetables
- Dried leaves for potpourris

### **MINT "Kentucky Colonel"**

- Bright green aromatic leaves
- Should be grown in a pot
- Although used for mint juleps, this mint can be used in any recipe calling for spearmint including mint sauce and mint jelly.

### **OREGANO "Greek"**

- Most flavorful of all oreganos
- Culinary: bread, pizza, sauces, eggs, vegetables & seafood
- Medicinal: Teas for indigestion & coughs—oils for toothaches

### **MINT "The Best"**

- Bright green aromatic leaves
- Has less menthol than other peppermints so it makes a great choice for using in mint sauces and in drinks

### **OREGANO "Hot & Spicy"**

- Rounded leaves with pungent flavor and mild heat
- Culinary: fresh, dried or frozen
- Great for Mexican dishes & pizza
- Blooms with tiny pink flowers that attract bees & butterflies

### **MINT "Mojito Cuban"**

- The original Cuban mint!
- Bright green, large, aromatic leaves
- Scent & flavor are mild & warm—not pungent or overly sweet

### **OREGANO "Italian"**

- Milder flavor than Greek Oregano
- Culinary: bread, pizza, sauces, eggs, vegetables & seafood. Use leaves fresh or dried

### **MINT "Orange"**

- Unique citrus aroma & flavor
- Leaves are high in vitamin A & C
- Use in salads, desserts, garnishes, mint sauce, mint jelly & mint vinegar

### **PARSLEY "Curled"**

- Ornamental, culinary & medicinal
- Use lush, curly plants as a border
- Tasty, rich in vitamins
- Breath purifying

### **MINT "Peppermint"**

- Mint for flavoring candy, gum & other sweets
- Harvest young leaves for culinary purposes
- Has a cool aftertaste

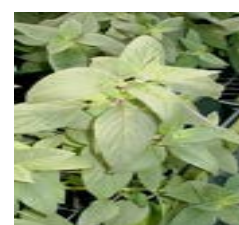

### **PARSLEY "Plain, Italian Flat Leaf"**

- The standard for cooking
- Extremely nutritious
- Harvest as needed, but often, as the plants will keep sprouting new stems

### **MINT "Spanish Spearmint"**

- Culinary & medicinal
- Leaves & flowers can be used raw or cooked
- Use in salads, added to cooked food or in teas

### **PINEAPPLE SAGE**

- Fruit scented fragrance
- Height: 2'
- Perfect garnish for teas, frosty drinks or fruity desserts
- Blooms with red flower

### **MINT "Swiss Spearmint"**

- Commonly used in brewing tea
- Very vigorous & needs little care
- Leaves can be used fresh or dried

### **ROSEMARY "Standard"**

- Upright 3' tall variety
- Leaves can be used fresh or dried
- High in iron, calcium & vitamin B6
- Use in all culinary practices

### **ROSEMARY "Barbecue"**

- Large 48" tall variety
- Stems can be used as skewers for cooking on the grill and will release a very aromatic fragrance & add flavor to your meat
- Use in the landscape as a filler

### **STEVIA**

- 300 times the sweetness of sugar
- Natural sweetener for people on carbohydrate controlled diets
- Medical research has shown possible benefits in treating obesity & high blood pressure

### **ROSEMARY "Prostrate"**

- Ornamental: Trailing, groundcover
- Culinary: Leaves can be used fresh or dried
- High in iron, calcium & vitamin B6

### **TARRAGON "Texas/Mexican"**

- Produces yellow, single marigold like flowers
- Harvest leaves as needed
- Perfect substitute for French tarragon which does not grow well in the South

### **ROSEMARY "Spice Island"**

- Ornamental: Bushy 5—6' tall and wide
- Culinary: Exceptional flavor fresh or dried
- Aromatic gray-green foliage

### **THYME "Lemon Variegated"**

- Smells & tastes like lemon
- Use like regular thyme
- Variegated foliage makes it a perfect border plant for flower gardens or combo plantings

### **ROSEMARY "Tuscan Blue"**

- Ornamental: Sea green foliage & violet blue flowers
- Attracts bees & butterflies
- Culinary: Lemony tang with pine flavor & scent. Use with chicken, lamb & fish

### **THYME "Mother of"**

- The standard thyme for cooking
- Perennial plants spread vigorously to a spread of 2'
- Use: culinary or ornamental

### **SAGE "Garden"**

- Slight peppery flavor
- Use for cheeses, poultry or pork stuffings, sausages and in Italian cooking
- Perennial, evergreen subshrub

### **THYME "Orange"**

- Smells like orange
- Can be used in any dish that calls for thyme—fresh or dried
- Less trailing than other thyme varieties

### **SAGE "Tricolor"**

- Unique variegated leaves
- Use like normal garden sage but can also be used ornamentally

### **THYME "Silver Queen Lemon"**

- Rich lemon scented leaves have thin silver margins
- Culinary: Use in any dish that calls for thyme—fresh or dried
- Ornamental: Whorls of tiny, tubular, pale lilac flowers appear at the end of summer and attract bees

### **SORREL**

- Culinary: Juicy stems and leaves are an excellent addition to green salads

### **VERBENA "Lemon"**

- Smells like lemon
- Can be used in teas, desserts and for seasoning meat dishes
- Vigorous
- Refreshing fragrance
